## Why Invest in Cavvy Energy?

The word “Cavvy” draws its inspiration from the western ranching tradition, referring to a carefully selected group of working horses chosen for their strength, reliability, and specific capabilities. The name evokes an identity synonymous with our corporate values and mission, and one that is proudly connected to our western Canadian corporate roots

### Robust Upstream Assets

High quality conventional upstream assets with low corporate decline and extensive drilling inventory

### Gas Gathering & Processing

Own & operate three deep-cut gas processing facilities with greater than 400 MMcf/d of aggregate capacity

### Supportive Ownership

Tightly held ownership of common shares by institutions and insiders, with AIMCo at ~47%

### Important Sulphur Producer

10% contributor<sup>4</sup> to Canadian output with significant margin unlocked upon expiration of fixed price contract at the end of 2025

### Seasoned Management Team

Over 25 years of average energy experience each, with a track record of delivering accretive value

### Share Price Catalysts

Currently discounted to NAV with multiple expansion potential as evolving business begins capturing midstream & sulphur premiums

## Path to Shareholder Growth

### A New Vision Pre 2024

New leadership implemented a refreshed vision and strategy for the western Canadian upstream & midstream natural gas assets, departing from the historical pursuit of east coast LNG

- Re-financed ~\$189 MM of debt into lower cost debt in June 2023

### The Trajectory 2024

New path to business sustainability and growth prioritizing gas plant reliability & utilization, improved cost structures, and debt de-leveraging

- Divested Goldboro LNG assets, repaid \$24 MM balance of bridge loan, raised >\$33 MM from shareholders for value accretive optimization

### Transition 2025

Completion of strategic pivot, growth of gathering & processing, further de-leveraging, and preparation for year-end expiration of fixed price sulphur contract

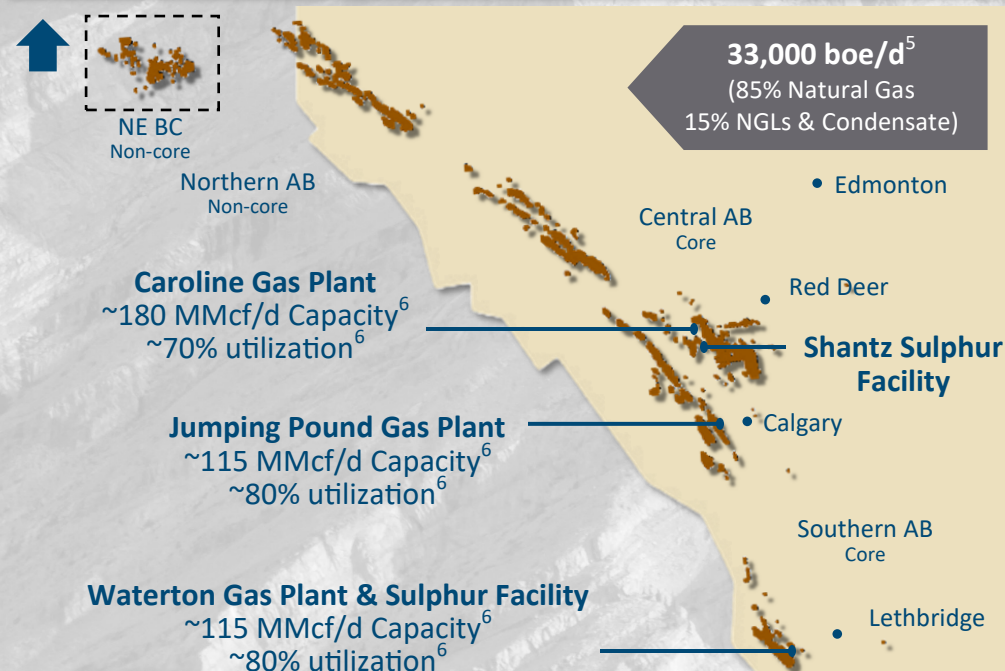

- Completed corporate rebrand, >100% YoY growth in 3rd party processing volumes and revenue

### Breaking Out 2026+

Achieving key milestones to maximize facility utilization, optimize cost structure, and reduce debt will accelerate profits and fund access to growth opportunities

- Improved cost of capital and new opportunities for drilling and M&A
