Why Invest in Cavvy Energy?

The word "Cavvy" draws its inspiration from the western ranching tradition, referring to a carefully selected group of working horses chosen for their strength, reliability, and specific capabilities. The name evokes an identity synonymous with our corporate values and mission, and one that is proudly connected to our western Canadian corporate roots

Robust Upstream Assets
High quality conventional upstream assets with low corporate production decline and extensive drilling inventory

Important Sulphur Producer
10% contributor[4] to Canadian output with significant margin unlocked on Jan. 1, 2026 with the expiration of fixed price contract

Gas Gathering & Processing
Own & operate three "deep-cut" gas processing facilities with greater than 400 MMcf/d of aggregate capacity

Seasoned Management Team
Over 25 years of average energy experience each, with a track record of delivering accretive equity value

Supportive Ownership
Tightly held ownership of common shares by institutions and insiders, with AIMCo at ~44%

Share Price Catalysts
Multiple expansion potential as evolving business begins capturing midstream & sulphur premiums

Path to Shareholder Growth

A New Vision
Pre 2024

New leadership implemented a refreshed vision and strategy for the western Canadian upstream & midstream natural gas assets, departing from the historical pursuit of east coast LNG
- Re-financed ~$189 MM of debt into lower cost debt in June 2023

The Trajectory
2024

New path to business sustainability and growth prioritizing gas plant reliability & utilization, improved cost structures, and debt de-leveraging
- Divested Goldboro LNG assets, repaid $24 MM balance of bridge loan, raised >$33 MM from shareholders for value accretive optimization

Transition
2025

Completion of strategic pivot, growth of gathering & processing business, further de-leveraging, and preparation for year-end expiration of fixed price sulphur contract
- Completed corporate rebrand, >80% YoY growth in 3rd party processing volumes and revenue

Breaking Out
2026+

Achieving key milestones to maximize facility utilization, optimize cost structure, and reduce debt will accelerate profits and fund access to growth opportunities
- Improved cost of capital and new opportunities for drilling and M&A
